How Luck Dragon collects, uses, and protects your information across all our school sport products. Last updated: 1 May 2026 · Luck Dragon Pty Ltd (ABN 64 697 434 898)

The short version: We collect only what we need to run school sport. Student data is stored securely in Australia and never sold, shared with advertisers, or used for any purpose outside school sport coordination.

1. Who We Are —————

Luck Dragon Pty Ltd (ABN 64 697 434 898) operates three school sport products:

School Sport Portal schoolsportportal.com.au — school, district & division portals
Carnival Timing carnivaltiming.com — live race timing for carnivals
SportCarnival sportcarnival.com.au — carnival results and draw management
This Privacy Policy applies to all three products. For questions, contact us at hello@schoolsportportal.com.au.

2. What Data We Collect —————

Student Performance Data (Carnival Timing & School Sport Portal)

When a school coordinator uses our timing tools, we store:

- First name and last initial (never full surnames publicly)
- Age group and gender category
- Race/event times and placing
- School name and district
- House group (where entered)

Full names are only visible to signed-in coordinators. Public result views show first name + last initial + school only.

Coordinator Account Data

- Email address (for account access and notifications)
- School name and role
- Access code and subscription status (Carnival Timing)

Contact Form Submissions (School Sport Portal)

- Name, email address, school, and message content
- Used only to respond to your enquiry

Technical Data

- Browser type and device (Cloudflare analytics only — no cookies placed)
- Pages visited and time on site (aggregate, not individual tracking)
- IP address (retained by Cloudflare per their standard policy, not accessed by us)

3. How We Use Your Data

We use data only for the following purposes:

- **Displaying carnival results** — showing times and placings to school staff and parents
- **Selecting representative teams** — surfacing top performers at district, division and region level
- **Account management** — validating access codes and processing subscriptions
- **Responding to enquiries** — replying to contact form submissions
- **Improving our products** — fixing bugs, improving reliability, adding features

We do **not** use data for advertising, profiling, or any purpose unrelated to school sport. 4. Data Storage & Security —————

All data is stored in Australia using the following services:

- **Cloudflare Workers & KV** — edge infrastructure with Australian data residency
- **Google Firebase Realtime Database** — Australian region (australia-southeast1)

Access to student data requires coordinator authentication. Public-facing result pages display only anonymised data (first name + last initial). We use HTTPS across all services. No passwords are stored — access is managed via Cloudflare Access and single-use codes. 5. Data Retention —————

Carnival result data is retained for a maximum of 3 years to support historical team selection records. Contact form submissions are retained for 12 months. You may request deletion of any data we hold about your school at any time by emailing hello@schoolsportportal.com.au. 6. Sharing of Data —————

We do not sell, rent, or share personal data with third parties, except:

- **Stripe** — payment processing for Carnival Timing subscriptions. Stripe handles card data directly; we never see or store payment card numbers.
- **Resend** — transactional email delivery for contact form replies and access code emails.
- **Cloudflare** — infrastructure provider. Cloudflare processes request data per their own Privacy Policy.

All third-party providers are bound by data processing agreements and applicable privacy law. 7. Australian Privacy Act Compliance —————

Luck Dragon Pty Ltd is committed to compliance with the *Privacy Act 1988* (Cth) and the Australian Privacy Principles (APPs). In particular:

- **APP 1** — This policy is publicly available and describes our data practices
- **APP 3** — We collect only information reasonably necessary for our school sport functions

Our products are designed for use by school sport coordinators and PE teachers, not directly by children. Students do not create accounts or directly interact with our platforms. Student data is entered by authorised school staff only. Public result views are limited to non-identifying information (first name, last initial, school, time).
